### SCHOOL AND COMMUNITY

Keefe Regional Technical School is located in Framingham, Massachusetts, a suburban town, 18 miles west of Boston. The MetroWest area is composed of residential communities with light industry and high technology enterprises and is considered the largest retail area in New England.

Keefe Regional Technical School is also known as the South Middlesex Regional Vocational Technical School. The regional school district includes five towns with the following populations: Ashland (14,000), Framingham (65,000), Holliston (14,500), Hopkinton (13,500), and Natick (32,000.)

Each member town has its own high school facility. Students residing in the District, however, have the option of attending Keefe Regional Technical School to pursue career and technical study in addition to traditional academic classwork.

The student body at Keefe is approximately 750 students. The academic curriculum provides a challenging learning environment for students interested in college preparatory, honors courses, and advanced placement courses. The academic day consists of six, 57-minute periods.

The Career and Technical Program component consists of a freshman exploratory year, then three years of preparation in one of the seventeen different career/technical areas. Beginning in the tenth grade, an alternating week schedule of vocational and academic instruction is introduced. Co-operative education training is available to qualifying juniors and seniors.

### CAREER AND TECHNICAL PROGRAMS

- Automotive Technology
- Business Technology  
(Class of 2019)
- Carpentry
- Cosmetology
- Culinary Arts
- Design and Visual Communications
- Early Childhood Education and Teaching

- Legal and Protective Services  
(Beginning with Class of 2020)
- Metal Fabrication
- Plumbing
- Programming and Web Development
- Dental Assisting  
(Beginning with Class of 2021)

### GRADUATION REQUIREMENTS

The following minimum requirements have been established to ensure that each student receives a complete academic program.

Within some subject areas, electives are provided so that the student may pursue individual interests. A student who has completed minimum requirements will still be expected to carry a full academic schedule in their senior year.

SUBJECT	REQUIREMENTS
English.....	4 years
Mathematics .....	4 years
Social Studies .....	3 years
Science.....	3 years
Physical Education .....	2 years
Career Exploratory .....	1 year
Career and Technical Program.....	3 years

### PROGRAM OF STUDIES

A concentration in one of the seventeen Career and Technical Programs (see list) plus a full schedule of academic courses satisfies graduation requirements. Qualifying juniors and seniors may participate in a dual enrollment program with a college. Co-operative education and internship programs are available to qualifying juniors and seniors. Through a competitive academic program and intensive Career and Technical Education, our graduates are prepared for college and a career.

## ***COURSE LEVELS***

Advanced Placement (+1.0)

Honors Courses (+0.5)

College Preparatory I Academics,  
Career-Technical Programs
